

Hello - I am Gregg Cobb and I have been attached to the fire service since my 18th birthday. I served as a volunteer firefighter for St. Matthews and Harrods Creek fire departments. Upon my return to Kentucky, I served on the board of Harrods Creek for two terms and was elected secretary. After moving to Oldham County, I was elected board member and served two terms and serving as Vice-Chairman. I am running now as time demands have lessened and I would like to see North Oldham Fire Dept reengage into the county as a whole.

Gregg Cobb

I have lived in Goshen Hills since 1991. I have been the HOA president since 2006. I am retired Air Force and retired from UPS. I am currently appointed to fill this position on the Board of Trustees. Not being a present or past firefighter, I will bring outside ideas and taxpayer oversight to this board that oversees all finances of North Oldham Fire district.

Ralph Mathison

Eric Michalsen was a POC firefighter/paramedic in Illinois and served on the technical rescue and hazmat teams, as well as a CPR Instructor. He also worked for FEMA, in Florida, as an instructor during the 2004 hurricane season. He is excited to continue his commitment to the community by serving on the board.
